The One-Stop for ALL your Electrical Training Needs

IN-PERSON, HANDS-ON COURSES | OPEN ENROLLMENT

 As an internationally recognized leader of Electrical Safety and Electrical Maintenance training, our courses are held at our locations throughout the United States and provide a unique hands-on experience that is guided by our expert instructors. All our courses are NETA & IACET accredited.

VIRTUAL COURSES | LIVE & INSTRUCTOR-LED & ONLINE ON-DEMAND

 During this time of limited social interaction, our Quality, Instructor-Led Virtual Training courses allow students to learn remotely in a live, online classroom setting, while still being able to fully participate in classroom dialogue, polls, Q&A, surveys and exams. And, we offer Online courses, too.

ONSITE COURSES | AT YOUR LOCATION, ALL OVER THE WORLD

 Save BIG by letting us come to your facility for on-site electrical training: **Your staff; Your equipment; Your location** — ANYWHERE in the world.

CUSTOM TRAINING SOLUTIONS | TO ADDRESS YOUR NEEDS

 Let AVO develop a custom electrical training course that fits your exact training objectives & needs! Don't waste time and money on training that doesn't fit the exact criteria you're looking for. Our in-house course development department will work with you and your team to create a custom tailored electrical training course that fits your every need; and we can perform the training at our sites, at your company, or virtually.
